

Professional Scrum Master™

PSM

Overview

Scrum is a simple and effective agile framework that has been used worldwide by over 200,000 members to manage work on complex products since the early 1990s.

This two-day course covers the first of three levels of **Professional Scrum Master™** assessments to validate your depth of knowledge and understanding of the framework and its application. On successfully passing the PSM I exam, you'll receive the industry recognised PSM I Certification to demonstrate your fundamental level of Scrum mastery.

Course structure

This course is designed to prepare you to take the **Professional Scrum Master™ level I (PSM I)** assessment. It is held once a month on Saturdays.

Once you have completed the course, you will receive a password to sit the Professional Scrum Master I (PSM I) exam. Those who pass the assessment will receive the industry recognised PSM I Certification to demonstrate their fundamental level of Scrum mastery.

By attending this course, you'll gain a stronger understanding of Scrum and be in a much better position to succeed. In fact, we guarantee that if you attempt the PSM I assessment within 14 days of the class and do not score at least 85%, you will be granted a second attempt at no additional cost.
